Quilting Background

When did you begin quilting and why?	Quilting is my “kids are all grown up” hobby that I started in 2013; I love fibers and colors and it seemed like a good mix of both!
How do you like to express yourself through quilting?	I am starting to dip into Modern Quilting which is more expressive than Traditional Quilting. I love finding the perfect color palette and pattern for fabric.
What do you do with your quilts?	Give them away!
Describe your first quilt and when you made it?	Eleanor Burns Egg Money Quilt. I love her method of quilting and love the quilt. It is the only one I kept for myself.
