CCQ Member Biography

Name	Bonnie Goodrich
Occupation	Retired
How might people in the community know you?	If I still lived in Juneau, they might see me walking the wetlands trail with my friend Karen.

Quilting Background

When did you begin quilting and why?	An acquaintance suggested I attend a CCQ meeting, since she knew I liked to sew. I was totally inspired by the color, talent and friendliness of the guild members and decided to take advantage of some upcoming classes the guild was sponsoring. Needless to say, I never looked back and have now been quilting for over 30 years!!
How do you like to express yourself through quilting?	Needle turn hand appliqué is my favorite technique. I also find myself intrigued by color and how shapes and color interplay.
What do you do with your quilts?	I give many quilts away to family, friends and when there is a need, as donations. My house is filled with quilts. I find the bursts of color and design very pleasing - my happy space.
Describe your first quilt and when you made it?	My first quilt was made decades ago, before I knew anything about quilting!! 6" calico and solid squares. It is truly ugly and long gone.
