Name JoAnn Steininger

Occupation Retired school teacher

How might people in the community know you?

Longtime parishioner of the Cathedral of the Nativity.
Also retired Kindergarten teacher from Glacier Valley.

QUILTING BACKGROUND

When did you begin quilting and why?

I was in high school when I made my first quilt, a jean quilt for my boyfriend. Never again, that was one heavy quilt! I started sewing my own clothes by 8th grade.

How do you like to express yourself through quilting?

I'm actually all over the map. I enjoy both traditional and modern styles although I'm not so good with improv quilt blocks. I love soft and also bright colors, but I use very few brown or earthy colors. Creating quilts just feeds my need for creativity and my enjoyment of gifting them.

What do you do with your quilts?

I gift most of my quilts. I love making them for new and old family members.

MY FAVORITE BLOCK

No favorite block. I love whichever one I'm working on!
