## CCQ Member Biography

Name	Ida Eliason
Occupation	Retired
How might people in the community know you?	Most likely they don't know me, I'm fairly new to Juneau and spend my time at home or at my daughter, son-in-law, and grandson's home.

## Quilting Background

When did you begin quilting and why?	I started my first quilt, A Log Cabin, when my best friend and neighbor in Sitka showed me how in the late 1980's. It was one of several that I finished while I have many UFO's, both tops only and some cut out but not finished!
How do you like to express yourself through quilting?	It seems I'm more inspired to collect fabric than to actually put something together but when I do, it's more the traditional patchwork than anything else.
What do you do with your quilts?	I've given some away to family, but usually keep them for myself.
Do you have a favorite block?	I have too many blocks that I love, but if I had to pick, today it would be "lady of the Lake" block

"Lady of the Lake"
