

# Your Friends, Your Neighbors, Your Community

## CCQ Member Biography

Name	Ann-Marie Martin
Occupation	Coordinator Child Nutrition Program State of Alaska
How might people in the community know you?	Through the guild and running the trails.

## Quilting Background

When did you begin quilting and why?	I made my first quilt when I was 20 then I did not do much quilting until moving to Juneau and joining CCQ Quilt Guild.
How do you like to express yourself through quilting?	<p>I love the quilting community! I love starting a project and seeing it to completion. It gives me a great sense of accomplishment. Plus being able to quilt with my friends is just the best experience! I have met the greatest people and made great friend through quilting!</p> <p>I love batik fabrics and use them often in my projects. I wouldn't say I have any favorite patterns, but batiks are my fabric of choice!</p>
What do you do with your quilts?	I give most of my quilts away. I made some for myself and now my enjoyment is making them and giving them away.

This is an example of my work  
using my favorite type of fabric:

Batiks
